Michael Glazier Inc, United States, 2001. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. In view of the critical environmental problems confronting the modern world, reflection on the nature and meaning of the world and on humanity s place in it becomes increasingly important. While Christian theology has done this for centuries, the present situation calls for a serious rethinking of many issues in the light of contemporary physics, biology, and cultural history. The Gift of Being presents insights of the sciences in a way that is helpful for Christians today. Creation theology helps believers come to a stronger sense of their own identity as they come to an awareness of the world. This enables them to gain a deeper insight into how they ought to relate to that world if they wish to find meaning in their lives. This state of being requires a willingness to distinguish between the medium and the message in approaching the Scriptures. It also requires a willingness to take the sciences seriously. In The Gift of Being, Hayes focuses on traditional questions of creation, but also comments on where science is with creation, anthropology, and destiny. He begins by discussing the relation between faith and reason, and hence between theology and science, from a historical perspective, moving to the most current statements of modern Popes. He follows with a summary statement of the possible retrieval of the biblical religious insights that can be distinguished from the physical worldview that stands behind much of the biblical material. This allows for a discussion of the traditional concept of creation from nothing in the form of a conversation with contemporary physics. He then discusses the Christian idea of God as the primal mystery of creative love from whom al of creation flows. With...
