She never expected then that he would become the most important person in her life. In an easy to read format, the author shares with the Reader a true and intensely personal account of her therapy, transference and forced termination. It is the story of intense pain, great joy and the impact a therapist can have on his patients. This book, based on a real patient s experiences, delves deeply into the psyche of a client and attempts through essay, letters and poems to express the deep, intimate emotions a client feels during a strong therapeutic alliance and forced termination. Like a thought-provoking novel, these writings show the wide range and depth of feelings elicited through deeply intimate emotional exchanges over an 8 year period. When the author receives word her much loved and respected therapist will be leaving in a year and moving out of state, her world is shattered as her life begins to spiral out of control.
