

## Population Health: Creating a Culture of Wellness

By David B. Nash

Jones & Bartlett Publ. Okt 2010, 2010. Taschenbuch. Book Condition: Neu. 230x179x24 mm. Neuware - With over 45.7 million uninsured in the United States and health reform a national priority, the need for population health management has never been more eminent. Sixty percent of American deaths are attributable to behavioral factors, social circumstances and environmental exposures. Employment of population health management techniques advocating use of preventative services and quality clinical care are imperative. Population Health: Creating a Culture of Wellness offers an educational foundation for professionals and students on the genesis and growth of this important topic. The book is a concise overview of the topic from the perspectives of providers and businesses. It offers a population-based approach to understanding disease management, chronic care management, and health policy making it ideal for students in programs of public health, health policy, quality and patient safety, health care administration, medicine, nursing, pharmacy, social work and other related clinical professions. 370 pp. Englisch.

### Reviews

*Most of these ebook is the best publication available. It is definitely simplistic but unexpected situations within the 50 percent of the book. You will not sense monotony at at any moment of the time (that's what catalogs are for relating to in the event you request me).*

-- **King Wunsch**

*Simply no words and phrases to clarify. It really is full of knowledge and wisdom You wont feel monotony at at any moment of the time (that's what catalogs are for relating to when you question me).*
