

Stress-Inducible Cellular Responses

Filesize: 2.37 MB

Reviews

This pdf is fantastic. Sure, it can be engage in, nevertheless an interesting and amazing literature. Its been developed in an remarkably straightforward way and is particularly merely after i finished reading through this publication where in fact transformed me, change the way in my opinion.
(Mr. Lee Simonis PhD)

STRESS-INDUCIBLE CELLULAR RESPONSES

To download **Stress-Inducible Cellular Responses** eBook, you should follow the button under and download the document or have access to other information which are in conjunction with STRESS-INDUCIBLE CELLULAR RESPONSES book.

Birkhäuser Sep 2011, 2011. Taschenbuch. Book Condition: Neu. 24.4x17x cm. This item is printed on demand - Print on Demand Neeware - 'Stress-Inducible Cellular Responses' are essential for survival of cells of all species under adverse conditions. At the molecular level this is accomplished by a number of essential proteins all of which are involved in various aspects of cellular homeostasis through protective or adaptive functions. Interestingly, molecules such as heat shock proteins have properties as molecular chaperones and are involved in multiple stages of a protein biogenesis beginning with synthesis and involvement in the subsequent events of folding, translocation, and degradation. Heat shock proteins have a critical role to stabilize folding intermediates and to prevent protein aggregation. In addition, stress-proteins serve as targets for immune responses in immune homeostasis and during infections. The term Stress Response reflects the rapid growth and breadth of this field which includes the molecular and cellular response to drugs, UV irradiation, oxidative stress, and environmental toxins. Radical scavengers such as superoxide dismutases and inducible regulatory proteins of metallic ion status such as ferritin and protein disulfide isomerases are also considered within the frame of stress proteins and represent a new and growing class of stress responses. 495 pp. Englisch.
